DESCRIPTION/OPTIONS: The 2022 CAT 259 is a versatile and robust compact track loader designed to handle the toughest job sites with ease. Equipped with a powerful 74.3 horsepower Cat C3.3B engine, this machine delivers exceptional performance and reliability. Its suspended undercarriage system ensures superior traction and flotation, making it ideal for challenging terrains and minimizing ground disturbance. The operator's cabin is ergonomically designed, offering comfort with intuitive controls and excellent visibility. This model boasts a rated operating capacity of 2,030 pounds, making it perfect for various applications, from construction to landscaping. With its advanced hydraulic system and compatibility with a wide range of Cat attachments, the CAT 259 is engineered to enhance productivity and efficiency, making it a valuable asset on any work site.
