DESCRIPTION/OPTIONS: Runs and operates as it should. Tight machine. 1216 hours on it. Has auxiliary hydraulic lines on it. Blade. Adjustable width undercarriage. This machine is a diesel, but it does have the ability to run electric, if needed. Comes with digging bucket. Ready to work. Financing available Delivery available Trades welcome The 2018 Takeuchi TB216H is a versatile and compact hybrid mini excavator, designed to meet the demands of modern construction and landscaping projects. Featuring a powerful combination of a diesel engine and an electric motor, this innovative machine offers exceptional fuel efficiency and reduced emissions, making it an environmentally friendly choice. With a maximum digging depth of 7 feet 10 inches and an operating weight of approximately 3,900 pounds, the TB216H is perfect for navigating tight spaces without compromising performance. Its advanced hydraulic system ensures smooth operation, while the spacious operator's station provides comfort and excellent visibility. Ideal for contractors seeking reliability and efficiency, the Takeuchi TB216H delivers outstanding performance for a wide range of applications.
